THE BLAIRMORE PHARMACY

Gordon Steeves, Prop. Phone 110 Blairmore, Alberta

Canada's average yield in potatoes last year was 142 bushels per acre, the total yield being nearly \$2,000,000 bushels.

Fruit and vegetable canning factories in Canada now total about 500, with an annual production valued at about forty million dollars.

Town of Blairmore

TO WATER CONSUMERS

Please be advised that, owing to lack of water from the reservoir, river water is now being pumped into the distribution system. It is recommended that water for domestic use be boiled.

CHAIRMAN OF WATERWORKS.

It is reported that out of nearly ten thousand people in the Crown's West Pass district, only forty signatures were obtained to the recent beer-hall elimination petition.

For stabbing a compatriot at Coleman on January the 23rd, N. Andrechuk was sentenced by His Honor Judge McDonald to six months' imprisonment.

ALLEGED DOCTOR SUPPLIED FATAL ALCOHOL TO MAN

HANEY, B.C., March 10.—Dr. John Francis Buckley is held on a charge of manslaughter pending the result of an inquest into the death of John Connelly, which occurred early Sunday morning in a cell in the local jail. Connelly is believed to have drunk rubbing alcohol in company with Dr. Buckley on Saturday night, and the alcohol is alleged to have been purchased by the doctor.

According to Chief of Police, Norman McDonald, he was called Saturday evening to the shack of Jack Williams, who said he had been held up by Connelly and a companion, John Brown, but had got away.

Arriving at the shack, Chief McDonald said he found Connelly and Brown unconscious on the floor and Dr. Buckley in a stupor on the bed. Two bottles of rubbing alcohol were in the room.

The chief removed Connelly and Brown to the jail. Connelly was found dead in his cell in the morning.

On information that Dr. Buckley had purchased four bottles of rubbing alcohol in a Hammond drug store, Chief McDonald said he arrested the physician on a charge of manslaughter.

Connelly was about 40 years of age and is said to have come from Newfoundland several years ago to the prairies, and has been a transient in this district recently.

ANNUAL MEETING OF BLAIRMORE CRICKET CLUB

The annual meeting of the Blairmore Cricket Club was held at the Greenhill Hotel on the night of February 26th.

The programme for the evening was outlined, following the election of the following officers:

President—G. A. Vissac.
Hon. Vice-Presidents—J. A. Busset, L. P. Robert, Roaul Green, William Healey, Moses Johnson, F. M. Thompson, Dr. R. F. Stewart, H. H. Griebach and R. W. H. Pinkney.
President—Harry Blake.
Vice-President—George Brown.
Secretary-Treas.—J. W. Whitehead.

Executive — A. Womersley, E. Womersley and T. Hadwell.
T. J. Williams was appointed groundsman.

An effort will be made to form a district league, comprising Coleman, Blairmore, Hillcrest, Bellevue and Pincher Creek.

Membership fee has been set at \$2.00 for the season. An open invitation is extended to cricketers connected with clubs in any part of western Canada to affiliate.

BLAIRMORE PUBLIC LIBRARY

New books this week are:
Juvenile—"The Cannibal Islands," by R. M. Ballantyne; "Ned Myers," by J. Fenimore Cooper; "Do and Dare," by Alger; "Don Sturdy in the Desert of Mephery," by Victor Appleton; "Smugglers All," by W. Bourne Cooke.

"Fiction—"One Increasing Purpose," by A. S. M. Hutchinson; "A Wedding Gift," by John Talbot Foote; "Judith of the Plains," by Marie Manning.

Non-Fiction—"The Sketch Book," by Washington Irving; "Religion in a Changing World," by Rabbi Abba Hillel Silver; "Wheat," by F. F. Swanson, Ph.D. and P. C. Armstrong; "The Girl of The New Day," by Ellen M. Knox.

Library hours: Tuesdays and Thursdays and Saturdays from 7 to 9 p.m.

A Pincher Creek lad named Oliver Godfrey, aged nineteen, was killed at Bonington Falls, B.C., last week. He was employed by the East Kootenay Power Co. He is survived by his mother, one sister and two brothers.

The ladies of the Eastern Star lodge will give a card party in the lodge hall on Monday night next, March the 16th, at 8 o'clock. Masons and their ladies invited.

RED CROSS EXPRESS

APPRECIATION

Edmonton, Alberta.
March 5, 1931.

Dear Sir:—

At the annual meeting of Alberta Division, Canadian Red Cross Society, held in the council chamber of the Civic Block on February 2nd last, the following resolution was passed:

"That this meeting desires to express its very hearty appreciation of the generous support accorded to the Red Cross by the press of the province."

I was asked to covey this resolution to you in writing at the same time to express to you our appreciation of your personal support.

Yours faithfully,

MARY WAAGEN,
1st Vice-President, and Honorary Acting Commissioner.

COLEMAN CALEDON- IANS ORGANIZE

A society of Caledonians has been organized at Coleman, with Dave Gillepie as president and a membership of around seventy. Other officers are: George Kellock, honorary president; Alex. Cameron, A. M. Morrison, Jas. Scott, Rev. A. E. Larke, honorary vice-presidents; A. McCulloch, vice-president; James Parkes, secretary-treasurer; J. Ramsey, J. Russell, A. Irvine, J. Wilson, D. Gardiner and P. Smith, executive committee.

The ladies' section has Mrs. D. Gillepie as convener, Mrs. M. Wilson, Mrs. J. Kilgannon, Mrs. J. Ramsey, Mrs. J. Anderson, Mrs. A. McCulloch and Mrs. W. Roughhead as executive.

HILLCREST HAPPENINGS

Mrs. Joe Atkinson and Mrs. A. Lawe held a very successful whist drive last Monday at Mrs. Atkinson's home. Prizes were awarded to Mrs. W. Brubette, first; Mrs. W. Rose, second; Mrs. D. Grant, consolation.

The Hillcrest Tigers were defeated 5-0 by the Calgary Juniors at Okotoks on Saturday night.

Mrs. W. Hutchison, Mrs. R. Stutchberry, Mrs. G. Miller and Mrs. A. N. Warriner left for Calgary on Tuesday morning, where they will attend the Grand Temple of Pythian Sisters.

The United Church concert at Cole's Theatre on Wednesday last was a huge success. In addition to a splendid play, there were several good musical items. The concert was very ably arranged by Mrs. W. H. Moser.

COWLEY HAPPENINGS

A whist drive, sponsored by the Ladies' Aid of the United Church, in aid of the piano fund, was held on Friday night at the home of Mr. and Mrs. Archie Swart, when prizes were awarded as follows: ladies' first, Mrs. George Porter; consolation, Miss Jean Morrison; gents' first, Robert Littleton; consolation, Emile Godin. Around fifteen dollars was realized.

The Cowley Ladies' Bridge Club was entertained by Mrs. M. A. Murphy at her home on Monday night.

On Thursday evening last, the Cowley Men's Five-Hundred Club played a contest with the Lundbreck club at Lundbreck, with Cowley emerging winners. On Monday night, the two clubs met at Cowley, this contest also being won by Cowley.

On Wednesday evening last, Mrs. Fred Tustian gave a bridge party at her home. The occasion falling on her birthday, the ladies presented her with a rare piece of china. The prizes at bridge were won by Miss Nellie McWilliams, first; Mrs. I. Christie,

consolation.

After many weeks of fine weather, we are now experiencing a snow storm, which began on Tuesday morning and fell heavily all day, with wind from the northeast.

One of the large honey producers of Western Canada is Eugene Chalmers, who lives near Edmonton, Alberta. Last year he produced 8,000 pounds of honey from 56 colonies of bees, which had a value of \$1,500. Mr. Chalmers also had a net revenue last year of \$600 from his poultry. He carried 300 white leghorns, which meant a net revenue of two dollars per hen.

AUTO OWNERSHIP AMONG FARMERS HIGH

More than 60 per cent of farmers own automobiles in western Canada, according to a recent survey. This, it is revealed, is a larger percentage of ownership than in many urban centres. It is also shown that more than 30 per cent of farmers own and operate a tractor. There are more than 85,000 tractors now in use in the west, the sales for which totalled \$94,071 during the past 12 years. This, of course, does not include either used tractors or those brought in from the United States by settlers as "settlers effects."

WORLD HAPPENINGS BRIEFLY TOLD

Canadian Indians, in 1929, numbered 108,012, the Department of Indian Affairs reports. One-half are listed as Roman Catholics.

The council of London, Ontario, has decided to support the Winnipeg resolution favoring the setting aside of the day after Christmas as a holiday.

More than \$35,000,000 was spent by the British Government in the last fiscal year to help finance projects for providing work for the unemployed.

More definite protection for the agricultural debtor from foreclosure was sought by the board of the United Farmers of Canada, in session recently at Saskatoon.

The Reverend John Hydeke, 61, and his wife, 52, Nottingham, England, celebrated their silver wedding anniversary by passing the final tests for air pilot certificates after 18 months of training.

February, 1931, will go down as the lowest February for the collections of national revenue in Montreal since the war. Only one other month, January, 1925, had lower collections than did February of this year.

The "rock pile" will be restored to all Ontario reformatories and jails in the belief that reformation is best accomplished by hard and productive labor. Prisoners will be provided with goggles to prevent the danger of eye-injury.

Radio Gaining in Popularity

493,176 Receiving Sets in Use in Canada At End Of January

At the end of January there were 493,176 radio receiving sets in Canada under licence or about one radio for about 20 persons in the country. The total of licensed receiving sets at the end of January was 69,000 more than the number in use at the end of the 12 month period of the Canadian Government fiscal year 1929-30. Toronto has more radios than any other city, with 77,184 at the end of the first month of this year. This total is nearly 15,000 more than was registered at the end of March, 1930, the close of the government fiscal year. Montreal is credited with 41,875 sets; Hamilton, Ont., with 18,837; Vancouver, with 16,330, and Winnipeg with 19,433. A charge of \$1 per year is made by the Canadian Government for a licence for a radio receiving set. Licences are issued free to the blind in Canada and the latest report shows 639 such licences have been issued.

Popular Taste in Movies

Producers declare that really artistic films fail to draw at the box office. Those who are denouncing "art" in motion pictures seldom are willing to risk their money in experimentation. The film theatre is not like a store where one may stock grades of goods to suit all tastes. The only successful movie house is one where a large percentage of the films shown please a majority of the patrons.—Los Angeles Times.

Birdseed raised in Argentina last year weighed 33,000 tons.

Palpitation Of The Heart Nerves Were All Gone

Price: 50c a box

Miss Rose Griffin, Ashern, Man., writes: "About five years ago I was troubled with palpitation of the heart, caused by a shock, and my nerves were all gone, and I could not sleep. I read about Milburn's Heart and Nerve Pills and decided to try them. After I had taken three boxes I was feeling fine again. I think they are a wonderful remedy, and wish all others who suffered as I did would give them a trial."

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Cut Down Food Wastage

—by covering all perishable goods with Para-Sani Heavy Waxed Paper. Para-Sani moisture-proof texture will keep them fresh until you are ready to use them.

You'll find the Para-Sani sanitary knife-edged carton handy. Or use "Centre Pull" Packs in sheet form for less exacting uses. At grocers, druggists, stationers.

COVERTS CAMPBELL'S RECORD

Norman "Wizzard" Smith, Australian speed king, who will shortly make an assault upon Capt. Malcolm Campbell's world land speed record of 245 miles an hour, driving a car now under construction in Sydney, and with speed tests in New Zealand.

Many Divorces in Canada

Eight Hundred and Seventy-Five Divorces Granted in Canada in Year 1930

A total of 875 divorces was granted in Canada during 1930, according to a return issued by the Dominion Bureau of Statistics. Of this number 247 were granted by the Dominion Parliament, and comprised marriage dissolutions in Ontario and Quebec. The remainder were decreed by the various courts of the other six provinces involved. No divorces were granted in Prince Edward Island, which province has had only one marriage dissolved in that fashion since confederation.

British Columbia headed the list for 1930 divorces, the figures in the Pacific Coast province being 255. Ontario had 207; Alberta, 151; Manitoba, 114; Saskatchewan, 62; Quebec, 40; New Brunswick, 27, and Nova Scotia, 19. This total of 875 was 50 more than the previous year, and was the largest in the country's history. Since 1913, a total of 7,756 divorces have been granted in the Dominion.

Manitoba Mining Industry

Over \$22,000,000 Is Now Invested In This Industry

Hon. D. G. McKenzie, Minister of the Province of Manitoba, reports a twenty per cent. increase in Manitoba's miners' production for 1929 over the previous year, the total production amounting in value to \$5,423,825.

Capital invested in the Manitoba mining industry is now computed to be over \$25,000,000.

The year 1930 was the best yet in the mining history of Manitoba in the matter of advances towards mineral production. Mining expenditures that year were 15 per cent. over the previous year's figure of \$12,500,000.

Railways and Air Routes

Joint Rail and Air Services May Be Future Development

Air developments, more particularly as they affect the operations of a large transcontinental transport system, are being closely watched by the Canadian Pacific Railway with a view to the inauguration of joint services, when the time is considered opportune. It was stated recently by E. W. Beatty, president of the Canadian Pacific Railway.

"If the development in air services, which is progressing satisfactorily, demands joint rail and air services, they will undoubtedly be provided by the Canadian railways," said Mr. Beatty.

Slump in Watch Industry

The watch-making crisis in Switzerland appears to have been reached. July, 1930, was the poorest month in years, only 114,000 cases being turned out. But the heaviest decline has been in pocket watches and automobile clocks. The clocks, most of which in former years were exported to the United States, have nearly disappeared from the market.

An archaeologist states that until eighty years ago, almost all the known remains of ancient Babylon and Nineveh were in a little glass case in the British Museum.

It is predicted that cornstalks may eventually find their way into the manufacture of useless gears, insulating material, and similar products.

Poland's population has just been estimated at nearly 30,000,000.

Itching Ends Right Away
"I had eczema for several years. I was told of 'Eczema-Salva' and tried it and found it was the best. It is a quick relief for eczema. Itching ends right away. A. H. Thompson."

Palladium Medal

Wollaston Medal of Geological Society of London. It is made from rare metal mined in Canada.

The Geological Society of London's 101st Wollaston Medal was recently presented at Burlington House, London, England, to Dr. Arthur William Rogers, director of the Geological Survey of South Africa, according to word received by the International Nickel Company, of Canada, Ltd.

Awarded annually by the Society with the object of promoting research concerning the mineral structure of the earth, the medal this year is unique in that it is made of palladium which is mined in Canada, instead of other precious metals as gold or silver. Palladium, which is a non-tarnishable precious metal of silver in color, was discovered by Dr. William Hyde Wollaston, F.R.S., F.G.S., in 1803.

The metal was presented to the Society by the Mond Nickel Company, Ltd., who are important producers of that and other metals of the platinum group. In a speech at the presentation dinner, Mr. D. O. Evans, delegate director of the Mond Nickel Company, said remarkable progress had been made in the world's production of palladium since Wollaston's days.

The palladium used in the medal, he said, had been derived from the Company's vast resources in the nickel-copper ore regions of Ontario. These Canadian ores, he said, were worked primarily for their nickel content, palladium, platinum and other metals being a by-product. He said the International Nickel Company, of Canada, Ltd., of which Mond is a subsidiary, could now produce upwards of 100,000 ounces of palladium a year, which would represent a substantial proportion of the world's total consumption.

New Radio Treatment

Professor Stieboeck, of the Vienna polytechnic, recently has been using three meter waves from a one-half kilowatt radio transmitter for treatment of inflammation of the lungs such as is associated with influenza; cancer of cancer and internal suppuration. He claims to have had encouraging success.

Smallest Working Locomotive

What is claimed to be the smallest working locomotive in the world, made by J. J. Langridge, of Riverside, Talworth, Middlesex, is exhibited at the Wimbledon and District seventh annual exhibition at Wimbledon, England. The model, which runs by electricity, can be almost entirely covered by a postage stamp.

SUNDAY SCHOOL LESSON

MARCH 15

JESUS AMONG FRIENDS AND FOES

Golden Text: "Ye are my friends, if ye do the things which I command you."—John 15:14.
Lesson: Luke 10:38 to 11:54.
Devotional Reading: Psalm 86:1-7.

Explanations and Comments

Martha's and Mary's Friendship
For Jesus, 10:34-42.—Jesus was a frequent guest at Bethany in the home of Lazarus, Martha and Mary. On one occasion Mary was sitting at His feet and listening eagerly to His words, when Martha, troubled about the preparation of the meal, came and said impatiently to Jesus, "Lord, Thou hast said that I am thy sister, but I am not. I have said to leave me to serve alone? Did he therefore that she help me?" Can you not see how troubled she was, and how unjustly she felt that she was being treated? So intense was her feeling that she rebuked her sister in the presence of their Guest, and in asking Him if He did not care about her overwork, she rebuked Him also.

Jesus tenderly repeated her name, "Martha, Martha," thus showing His care for her, and then gently chided her, "thou art anxious and troubled about many things; but one thing is needful." Moffatt's translation reads, "one dish alone is necessary." Both sisters were wont to sit at Jesus' feet to learn His word. "also," verse 39; and according to Moffatt's translation we may assume that both helped to prepare the meal, but Mary returned, thinking the fare prepared adequate. Martha, on the other hand, was so busy that she forgot to do her duty—dinner of many dishes—in order better to honor the Lord. The whole point of Jesus' remark to her, then, was to warn her against herself. He did not wish His visit to turn her back on her duties. He wanted her also to sit at His feet and learn.

"If you had seen Martha you would surely have said her doing." "She would do more if she did less!" The woman was overworked. The busiest mother will do amazingly well for herself if she will withdraw from the ardent demands of the domestic circle and have ten minutes with her Lord. But I have so much to do! I know all about it, but you will do them better for the apparent ease. Deep communion gives us the power of fine action. It conveys to the soul a calm assurance of God. The nerves are soothed and calmed and the soul is stilled.—J. H. Jowett.

"For Mary hath chosen the good part which shall not be taken away from her." Not yours in bustling about, for this is the good part of ministering not to my body's but to my spirit's need for sympathy and understanding. It will not be taken from her now by my bidding her help you, and it is of such character that He will never lose it. Mary's gift was not so much sympathy as the power to detect in those whom she met what was the main thing to be sympathized with.—George Matheson.

"Specie low to me, my Saviour, low and sweet
From out the hall of life, sweet and low,
Lead I should fear and fall, and miss
Thee so
Who are not missed by any that en-
treat—
Speak to me as to Mary at Thy feet."
—Mrs. Browning

Objects At Close Range Magnified One Hundred Times

The eyes of Alvin Mason, 25, an electrician of Missis, Me., are so focused that objects within a distance of eight inches are magnified more than 100 times their actual proportions. For ordinary work Mason has to use glasses that de-magnify and another person looking through these spectacles might just so well be gazing through the wrong end of a telescope.

Objects more than eight inches from Mason's naked eyes appear blurred, but at a closer range he can even distinguish phonograph records by the difference in impressions made in the disc. Removing his glasses, he can point with unfailing accuracy to the recorded vinyl strokes in the "Anvil Chorus From Il Trovatore." Mason does not have to hear a record to determine whether or not a song was sung in a staccato or crooning manner. The sound grooves appear to him as the track made by dragging a finger through soft mud seems to the ordinary naked eye.

Pores of the skin and the infinitesimal holes in newspaper are quite apparent to Mason when he discards his glasses necessary for the greater part of his work.

Size Of Bee Colony

An interesting experiment has been under way for the past five years to determine the approximate field force of a normal colony of bees. During this period, thirteen calculations have been made by officers of the Department of Agriculture, the figure varying from 22,187 to 39,687, but only on two occasions did the number fall below 31,000. It is reckoned that approximately 5,000 bees weigh a pound.

Fruit acids, paradoxically, counteract the acid effects of certain foods in the diet.

WHO'S WHO

C. M. Hamilton

ONE of the most important sections of the World's Grain Exhibition and Conference will be found in the junior grain judging competitions to be held in connection with the 1932 world-wide event and Mr. C. M. Hamilton's specific interest in the Grain Show lies in the work of the committee in charge of the competitions. He is chairman of this committee, is a member of the Board of Grain Commissioners for Canada, and a former chairman of the Executive and Finance Committee of the World's Grain Exhibition and Conference.

Mr. Hamilton was born at Whitechurch, Bruce County, in 1878, and educated in the public schools of Ontario and Saskatchewan, the high school and Normal at Regina and Manitoba College, Winnipeg.

In 1892 he came west and settled near Indian Head. For some years he taught in the rural schools of Saskatchewan and in 1901 took up a homestead in the Weyburn district, since that time making extensive additions to his farm holdings.

For many years Mr. Hamilton was reeve of the Wellington Rural Municipality, and held the office of president of the Saskatchewan Association of Rural Municipalities. He was also the representative for Weyburn in the Saskatchewan Legislature and for some years was Minister of Agriculture for Saskatchewan.

CALIFORNIA MIGHT WONDER AT ALBERTA'S STORY

LETHBRIDGE, Alta., March 7.—Will California and Florida newspapers please copy this story.

From March 1, 1930, to March 7, 1931, the mercury dropped to zero and below zero only four times, according to figures compiled by the weather bureau at the experimental farm here.

On March 2, 1930, the temperature touched four below and on March 15, it dropped to 15 below. Then on November 15, 1930, the thermometer showed 12 below and November 19, just zero.

From November 19, 1930, to March 1, 1931, the mercury did not descend to zero once, hence there is ample justification for the boast of a "winterless winter" with its activity on the land in February, cutting and threshing of "left-over" grain fields, pasturing willows out, robin's return, softball games and other extraordinary scenes.

A Lethbridge business man has noticed a honeysuckle in full leaf and tulips are growing lustily.

There has been no curling, but plenty of golf.

Now isn't that something to send the weather croakers and to everyone who makes it a habit of complaining about Alberta weather. The past winter has been a wonder and even the old timers are scratching their heads in an attempt to recall a duplicate.—Ex.

WESTERN WATER PROBLEM TO LOCOMOTIVE OPERATION

Memories of western railroad days when roundhouses employees shovelled snow to keep locomotive engine tanks filled with water were recalled at Toronto, last week, when C. E. Brooks, Chief of Motive Power of the C.N.R., Montreal, addressed the Electric Club of Toronto. Speaking on some aspects of locomotive operation in western Canada, Mr. Brooks said that the water situation in Saskatchewan and Alberta had always been a problem, because of sparse precipitation and inadequate watersheds. The main rivers ran in valleys, which were 150 to 200 feet below average track level, making water hard to get

arms and jumped clear, just as the engine tore down on them. The act has been recognized by the Royal Humane Association, which has granted Robinson the award of the society.

TO CLIMB MOUNTAINS ON SKIS

With the intention of climbing, on skis, three mountain peaks, all with an altitude of more than 10,000 feet, an expedition has left Jasper, Alberta, for the Tonquin Valley. The party consists of Henry S. Kingman and Russell H. Bennett, of Minneapolis, both noted climbers, and possibly there will be a third member. The party will be guided by J. A. Weiss, Swiss guide and ski expert of Jasper, who declares that Switzerland has nothing better to offer for winter sports than Jasper National Park.

The party will stay in the Tonquin Valley for eight or ten days, skiing in a country of thrilling slopes, and will try Eremit and Fraser glaciers before making the assault on Mount McDonnell, Bennington and Erebus.

A promising discovery of lead-silver has been made north of Port Hardy, Vancouver Island.

Impressed with Canada's selling ability, Lord Stenham, former Governor-General of Australia interviewed at Winnipeg recently after a tour of Canada by Canadian Pacific Railway, urged that the Dominion do everything in its power to encourage inter-empire trade and specially of such articles which are particularly the products of one another, citing citrus fruits of Australia as an example of world-wide imports for Canada.

Winners of dual grand championships at Chicago and Toronto Pairs, two fine Clydesdale stallions from Saskatchewan, "Stanovino" and "Lochmar," are showing at the Royal Winter Fair in Toronto. November 19-27. Large experimental farms in the West, including the Prince of Wales "E.P." ranch, are also well represented in the entry lists.

Cultured, educated women, taught by tutors whom they shared with their brothers, existed in China prior to the 12th century and before the western world had attained any high degree of civilization. Dr. T. Catherine Woo, principal of the St. Paul's Girls College School Oxford, declared when interviewed on board S.S. Empress of Asia recently. She broadcast a message to women of all countries, stating that Chinese women are no less intellectual than their European sisters, if given a chance to learn.

It is expected that the improved ship channel in the River St. Lawrence as far as Montreal, giving a 25-foot depth for ocean liners, will be completed by 1934. This will enable liners of 25,000 tons gross to reach Montreal, 1,000 miles from the Atlantic, the largest inland port in the world.

According to the president of the Radio Manufacturing Association of Canada, the per capita expenditure in the Dominion on radio sets is the highest in the world. In 1929 Canadians spent over \$50,000,000 on radios and equipment.

Succored strawberries from British Columbia put up in cans were found a ready market this year. About 100,000 pounds were bought by American interests and large quantities were bought in Eastern Canada. It returned about seven cents a pound to the grower.

Nine years ago, Mrs. W. A. Freeman, of Ardmore, Alberta, a native of Wisconsin, won a pair of bronze turkeys in a raffle. To-day she has the largest turkey flock in Canada and is the acknowledged queen of turkey raising in the Dominion. Her turkeys will return a revenue of \$10,000 this year.

Coming for the first time to Saskatchewan, the Western Canada Fur Show will be held December 2-5 at Saskatoon. At Winnipeg last year more than 200 furs from as far as Prince Edward Island, were shown. Even more are expected in this year's Show.

Directors of the Co-operative Wholesale Society of Great Britain who recently concluded a tour of Canada have expressed their interest in the World's Fur Show to be held at Regina in 1932 and have indicated that it is probable they will visit the Exhibition and Conference at that time.

Robin Hood Rapid Oats

Best Because It's "PAN-DRIED"

Carl Voelker, former member of the R.N.W.M. Police, died at Calgary during the week, at the age of fifty-one. He was born in Germany, but had resided on this continent for a good many years. He leaves a widow, formerly Miss Hart, of Barma, and two daughters, Thelma and Vera at home; a sister, Mrs. E. Snider, of Frankfurt, Germany, and a brother, Adolphe, in Dusseldorf, Germany. Mrs. J. A. Patterson, of Okotoks, is a sister. The remains were laid to rest at Calgary.

The following unusual order was received by a B.C. seedman: "Dear Sir—As I have a 10-foot garden that is not used for anything at present but growing stones, please send me one dozen strawberry seeds; one box, with hives, complete; a half-dozen wall flowers, with a half-dozen pieces of wall to match; three plum seeds—plum cake variety—one grape seed suitable for wine-making; one concrete path, winding, and three square yards of grass. The grass should be green, not the withered brown kind. I see in so many gardens."

HOCKEY OFF-THE-

ICE CONTINUES

Coleman, Alberta
March 8th, 1931.

Editor of the Blaimore Enterprise,
Blaimore, Alberta.

Dear Sir—Just a few lines to thank you for your exceptionally witty (oh yeah) slams at the Coleman Hockey "Stars." We Colemans can at least truthfully say that the Coleman Boys are better losers (from which their name "Coleman Canadians" originate) than the Blaimore Farces.

I am very sorry that Blaimore are so put-out because C.leman has no use whatsoever for them. However, seeing that you get a real "kick" out of slamming Coleman (the joke is on you) we will let you and the Blaimore Bearcats (should be Sourcats) enjoy yourselves. The disability of your players is exceptionally good. Maybe by next year the Bearcats will have first-class papers for the dirt that they give their opponents.

Sir Editor, I have expressed my thoughts of your "wonderful" players and in the next week's Enterprise, I hope to see more slams as we are enjoying them very much indeed.

Please do not let the temperature of your temper rise—too high.

I remain,

Yours truly,

A "Colemanite"

I hope to see this in print.

[We regret the above, for we look upon the Coleman team as good sports, but the fans have demonstrated otherwise.—Ed.]

Bellevue Couple Celebrate Golden Wedding

MR. AND MRS. JOHN HOGGAN

Who last week celebrated the fiftieth anniversary of their wedding at Bellevue.

A very happy event took place in the Oddfellows' hall at Bellevue on the night of Friday, February the 27th, the occasion being the golden wedding of Mr. and Mrs. John Hoggan.

The committee in charge of the arrangements are to be congratulated for the splendid manner in which the affair was carried out. The hall was tastefully decorated for the occasion, and the ladies in charge of the banquet tables had same well adorned with beautiful seasonal flowers. Altogether, the banquet hall was a pleasing sight.

At the appointed time, the bride and groom of fifty years ago, arrived at the hall, were met by the committee and were ushered to their places at the head of the table to music by "Euphonia." One hundred and sixty persons, sat at the tables, which were laden with good things galore. Following the banquet, Mr. John Kerr took the chair, and in a very neat and appropriate speech introduced the honored guests. He stated that he had been told that the "ideal chairman was the man who had nothing much to say, and it was his desire on this occasion to be that ideal chairman, if possible. He said it was necessary for someone to enquire into the whys and wherefores for such an event as this, and thought he may as well make the reason known. You are all aware that we are gathered to do honor to our respected citizens, who have come to the fiftieth opportunity to celebrate a long and happy wedlock. Golden weddings are rare, and he advised young people that if they expected to ever participate in their golden wedding celebration they should see to it that they married young. He pointed out

that Mr. and Mrs. Hoggan were married at their native village of Hagger, in the county of Sterling, Scotland, on the 27th day of February, 1881, the officiating clergyman being Rev. Mr. Robertson. Mrs. Hoggan's maiden name was Margaret Campbell Easton. Ed. Easton, who had the privilege of acting as best man, was in the audience and was happy to renew remembrances after fifty years. Mr. and Mrs. Hoggan took up house-keeping in the village of Hagger, where for a short time they resided later moving to Carron, where they spent some nine years. It was while living in Carron that they heard the call of the west and made up their minds to seek fortunes in Canada. They left Scotland on December 18th, 1880, and landed in Halifax on January 2nd, 1890, proceeding to Vancouver Island, where Mr. Hoggan found employment with the Wellington Collieries, then owned and operated by the late James Dunsmuir. That was forty-one years ago. They remained eleven years, when Mr. Hoggan was sent to the Old Country to bring to Vancouver Island two hundred Scotchmen, later known as "Hoggan's Lads." The men brought to Vancouver were to displace the Chinamen who were working in the island mines. The scheme, due to various reasons, was not the success it was hoped for. Mr. Hoggan in 1901 located in Washington state, later moving to Fernie, British Columbia, and still later to Frank, Alberta, where Mr. Hoggan worked on the construction of the Lillie railroad spur. From Frank they moved to Michel, then to Morrissey and back to Alberta, this time to Coleman, where a short time was spent before

CORBIN HAPPENINGS

Miss Baird, of Michel, has been spending a few days here with her sister, Mrs. Barney Lyne.

Mrs. M. Kolanski, who underwent an operation for appendicitis in the Fernie hospital, returned to her home here the latter part of the week.

The local barber, Steve Mainson, was rushed to hospital for an appendicectomy early in the week.

A very enjoyable time was had by all who attended the dance on Friday night last, given by the hockey club. Mr. D. Waddington and Barney Lyne furnished excellent music for the occasion. A very tasty supper was served at midnight, after which the draw took place for a pair of chickens. Miss Mable Knight was the lucky winner of this prize.

On Thursday afternoon, the Rebekah lodge entertained at bridge in the lodge hall. After cards, a dainty luncheon was served by the ladies. Mrs. Harry Ferryman won first prize, and Mrs. H. Jorgensen the consolation.

Mrs. Almond, of Coal Creek, is at present visiting her daughter, Mrs. T. J. Barnes, at Camp 6.

The many friends of Mr. Archie Grieve will be glad to hear that he is reported somewhat better this week.

The Corbin Pythian Sisters held their annual installation of officers on

February the 10th. Sister Kate Grieve, installing officer, assisted by grand manager, Sister Goss, and grand senior, Nellie Almond, installed the following sisters: Sister E. Knight, P.G.; Sister Bessie Barnes, M.E.C.; Sister E. Emmerson, E.C.; Sister R. Waddington, E.J.; Sister M. E. Barnes, manager; Sister V. G. Almond, M. of R. & C.; Sister S. G. Timmons, M. of F.; Sister S. Lancashire, protector; Sister Grace Woodward, guard.

A whist drive and dance will be held in the club hall on Friday, March 20th.

TEN NIGHTS IN A HOSPITAL

A bunch of germs were hitting it up in the bronchial saloon;

Two bugs on the edge of the larynx

Were jazzing a rag-time tune.

Back to the teeth in a solo game

Sat dangerous Ack-kerchoo,

And watching his pulse was his light

Of love,

The lady that's known as Flu.

moving to Passburg. Twenty-five years ago, Mr. Hoggan built himself a home at Maple Leaf, where the couple have since resided. Mr. Hoggan had been in the employ of the West Canadian Collieries till but recently he retired. He is a pioneer of coal mines development in Western Canada and is very well and popularly known.

A number of other speeches were interspersed by songs, readings, Scotch dances, etc., the happy event coming to a close at 3.15 a.m. Saturday with the singing of "When You and I Were Young, Maggie," and "Auld Lang Syne."

SHE BELIEVED EVERY-

THING SHE READ

"Say it with flowers—by telegraph" may be a splendid slogan for up-to-the-minute city telegraph offices, but according to Hornepayne's telegraph clerk in the Canadian National offices there, it has its difficulties when accepted too literally by residents of these frontier towns. The doer of the telegraph office opened one morning recently to admit a buxom Indian lady, bearing in her arms a flowering geranium growing in what had once been a ten-pound lard pail.

"You send flowers by telegraph?" she demanded of the telegraph clerk. "My girl sick in hospital Toronto, I want send her this flower. How much?" and from some hidden recess in her clothing the Indian lady pro-

duced a small roll of greasy currency and began to peel off a dollar bill.

Explanations of what florists' telegraph service meant, with the added information that as Hornepayne did not possess a florist among her merchants, it would be impossible to fulfill the request, brought no change in expression to the stoical countenance of the squaw. Finally the clerk gave up the attempt to explain. He assured the lady that though the identical geranium would not be delivered, a similar one would—and out of the goodness of his heart, telegraphed to a friend in the company to buy a geranium and send it to the hospital patient. And the Indian lady left the office marvelling at the White Man's magic, more particularly efficacious since the telegraph clerk declined to accept any of the bills from that carefully guarded roll.

BRANCH LINES FOR NORTHERN ONTARIO URGED

Toronto, Ont.—Launching of an immediate development programme in northwestern Ontario, was advocated in the Ontario legislature by Major-General D. M. Hogarth (Cons., Port Arthur). Extensive railway building operations in that country, he said, would open up immense resources to development.

Two north and south lines of railway should be built, he stated, one from the Head of the Lakes north to the Albany River, and one from Kenora north to the English River. They should then be connected by an east-west line and continue to link up both with the Temiskaming and Northern Ontario Railway at Moose Factory, and with the Hudson Bay Railway at Churchill.

He urged the government to appoint a commission to investigate the possibilities of the northwestern part of the province with a view to building more railways. It would not matter whether the railways were built by private enterprise or under public ownership. The people of the districts wanted development and wanted communications.

Indication that government action might result from the suggestion came later from Premier George S. Henry. He said General Hogarth had made one of the most enlightened and constructive speeches on Northern Ontario he had heard, and stated the general's suggestion would receive the careful attention of the government.

For Embargo On Corn

Resolution Favoring Embargo Against U.S. Corn Introduced in Manitoba Legislature

Winnipeg, Man.—Indirect notice that the government would oppose a resolution favoring an embargo on United States corn entering Canada was given in the legislature. Hon. R. A. Hoey, Minister of Education, declared such a move would have no effect in bettering the price of barley in the Dominion, and said he failed to see what other purpose the plan would serve.

Points on the import ban resolution, moved by A. R. Welch, Conservative member for Turtle Mountain, drew W. Sanford Evans, Independent Conservative, into mild support of the proposal.

Canada, said Mr. Hoey, imported between 12,000,000 and 14,000,000 bushels of corn annually for distillation, as a popular food and for livestock feeding. It could not be seriously suggested that an embargo on this United States product would put up the price of barley "a fraction of a cent."

If corn was not allowed to come into Canada, there would be a considerably larger market for Canadian barley, Mr. Evans thought. "Had the money which U.S. corn products cost been spent in Canada, it would have purchased the total quantity of barley Canada is carrying over from the last fiscal year," Mr. Evans asserted.

He would like to see Canadian barley used in the Canadian market, Mr. Evans said, and would favor a duty on U.S. corn.

Plans Polar Flight

Grat Zepplins May Carry Scientists Over Polar Seas

New York.—The Grat Zepplins will make a polar expedition of exploration in July, if Dr. Hugo Eckener succeeds in a plan to finance the project. The genial commander of the big dirigible arrived here from Germany. The ship would proceed from Friedrichshafen to the Arctic by way of Leningrad, he said, and fly over Franz Josef Land and St. Nicholas Land with eight or nine scientists aboard.

Europe Has Mortgage Bank Basel, Switzerland.—An international mortgage bank capitalized at \$5,000,000 was created for the purpose of extending long-term credits to European nations in need of such financing. It will work in close cooperation with the International Bank for settlements.

Air Mail Record

Toronto, Ont.—Shattering previous records by half an hour, a plane carrying the mails made the westbound 826-mile trip from Montreal to Toronto in two hours flat. It was piloted by V. J. "Shorty" Hutton.

W. N. U. 1620

Naval Parity For Italy

Has Gained Practical Parity With France in Naval Construction
Rome, Italy.—Italy gains practical parity of construction with France over the next five years under the terms of the British-Franco-Italian naval accord as disclosed unofficially here, and in 1936, when the accord expires, will be in a better position relative to France than she is today.

The principle of parity which broke up the London conference so far as Italy and France were concerned is not settled by the new accord but is postponed until 1935. Meanwhile naval construction programmes are put on a practical level and so harmonized as to guarantee each country against surprise and to permit accurate check on annual tonnage laid down.

Under the accord, Italian naval programmes are reduced from more than 40,000 tons to an average between 21,000 and 22,000.

Italy made some sacrifices, the terms of the agreement show, but she believes they will not affect the national security and that they are balanced by sacrifices on the part of the French.

The accord will give France, in 1936, a superiority of 250,000 tons, but Italy discounts this, counting out that 84,000 tons of that total will be obsolete while the Italian obsolete tonnage will be only 5,000.

Moreover, the French have certain types of ships which the Italians believe unnecessary to their navy.

A unique point, according to the terms disclosed recently, is that both countries are permitted to build two 23,000-ton "cruisers." Another is the decided superiority the accord gives France in submarines—81,000 tons as compared with 62,700 for Italy. Italy, however, receives parity in this category with Great Britain, the United States and Japan.

Fire Destroys Mail Planes

Fleet Of Seven Planes Lost In Disasterous Fire In Winnipeg

Winnipeg, Man.—A fleet of seven Canadian Airways mail planes and a Fairchild cabin machine, privately owned, were lost in a fire that totally destroyed the company's huge hangar at Stevenson Field, St. James, Winnipeg, last night.

Estimated damage, estimated at about \$100,000. Much higher estimates were completely discounted by company officials.

Flames broke out following an explosion in the hangar. Company officials, meeting with Fire Commissioner Edward McGrath, were unable to determine what had caused the blast. More than a dozen mechanics and workers escaped from the building without injury, as the blaze quickly spread. No one was seriously injured, though minor injuries were reported having been suffered by fire-fighters. Three automobiles, standing inside the structure, also were destroyed.

Witnesses of the outbreak believed the blast occurred in the gasoline tank of one of the planes. Everyone in the building hastily fled as the flames crept along the gas-soaked floor to other machines. When the first Winnipeg fire brigade arrived, eight planes were in flames, several standing just outside the hangar. Firemen were hindered from doing effective work by lack of water pressure.

Two small Laird mail planes, delivered only a short time ago, were among the flame-wrecked debris; and the pride of the company's fleet, a large tri-motored Fokker cabin machine, also was destroyed.

Eight hundred gallons of gasoline, stored outside the building, failed to explode, though the tanks broke into flames shortly after the blaze started.

Russian Trade

Thinks Canada Feels In Reluctance To Trade With Soviets

Montreal, Que.—For Canada to refuse to do business with the Soviets because Russia has her own idea of government is as illogical as refusing to listen to Italian grand opera because Mussolini is a dictator, in the view of A. J. Joseph Schubert, widely-known labor party politician. By the Canadian embargo on Bolshevik goods, he said, Canada throws away a market of 162,000,000 people while Great Britain, the United States, and other countries feed on it.

Labor Leader To Visit Canada
London, Ont.—A. J. Cook, secretary of the powerful Miners' Federation of Great Britain, will be a visitor in Canada this year or early in 1932, a letter from him to Raymond Smith of this city says.

Slight Drop Reported In Wheat Shipments

Movement Slowed Up For Last Week In February

Winnipeg, Man.—Movement of Canadian wheat overseas, maintained at a rate better than 4,000,000 bushels weekly since the first of the year, slowed up the last week in February, and at the same time the drop in the visible supply was less than average. Exports for the week ending February 27, were given as 3,084,500 bushels in a report issued by E. A. Russell, statistician to the Dominion Board of Grain Commissioners.

Of the week's clearances, 1,054,149 bushels was shipped from Pacific ports in Canada.

Visible supply of Canadian wheat decreased during the week by 1,547,310 bushels and totalled 190,403,833 bushels.

MARKETING OF WHEAT TO BE INVESTIGATED

Ottawa, Ont.—While no official announcement has yet been made by the government in connection with a royal commission to investigate wheat marketing, it is understood that the government will likely institute such a body.

Belief in Ottawa is that the membership of the commission will comprise three persons, one representative of the farmers of the prairie provinces, a second representing the Winnipeg Grain Exchange, and a third acting for the Dominion Government.

It could not be confirmed that the government had sought the services of Sir Josiah Stamp, internationally famous English economist. Hon. Robert Weir, Minister of Agriculture, however, declared that he had been in touch with someone in England, the identity of the individual not being disclosed. Circumstances surrounding the railway situation in England had caused the person indicated to forego the prospect of acting for the Dominion. It is believed, but not confirmed, that this individual was Sir Josiah Stamp.

One of the purposes of the commission would be to see whether the present system of trading in grain futures has, or has not, an injurious effect on the marketing of grain.

Farm Loans

Appraisers To Commence Work On Valuations On May First

Ottawa, Ont.—May 1 next, has been fixed as the date on which appraisers this season will begin the work of valuation on applications for loans to the Farm Loan Board.

This decision was made at a meeting of the Farm Loan Board. Premier R. B. Bennett, who is also minister of finance, presided. Loans are made to applicants on farm lands and buildings at the rate of 6½ per cent. under the Farm Loan Act. When applications for loans are received by the board they are, if favorably looked upon, passed to appraisers for valuation.

GIFT OF BEAUTIFUL EARRINGS

This magnificent set of diamond and emerald earrings for pierced ears is being sent to England immediately as a presentation to Viscountess Widdington from the women of Canada. Each earring consists of 44 diamonds and one emerald. Miss Mildred Bennett, sister of the prime minister of Canada, is convener of the Viscountess Widdington presentation committee. In centre is hand-modelled platinum ring with large oriental pearl, the whole in a solid gold case, also included in presentation from women of Canada.

Grand Duke Alexander, of Russia, who is a claimant to the throne of the czars, has just arrived in America on a visit.

Brydges Wins Dog Derby

Russick Was Second and Emil St. Godard Finished Third

The Fox Man.—Story of East Brydges was acclaimed king of Western Canada dog mubbers for the second year in succession.

Brydges, battling an icy trail, almost bare of snow, and carrying four injured dogs on his sled, came home the winner of The Fox 200-mile non-stop derby, winning the premier prize of \$1,200 in cash and the Walter Goyne trophy. His time was 26 hours, 30 minutes, 20 seconds. While far behind the record of "Shorty" Russick, established in 1926, when he finished in a little more than 23 hours, Brydges' time was remarkable when the condition of the trail was taken into consideration.

Emil St. Godard crossed the finishing line covered with perspiration and nearly exhausted from his struggle with the treacherous northern trail. "Shorty" Russick was second, 16 minutes behind Brydges.

Emil St. Godard finished third, 28 hours, 4 minutes and 22 seconds.

Pioneer Settler Dead

James Harvey Saw Service In Rebellion Of 1885

Vernon, B.C.—James Harvey, aged 88, who was the first settler at what is now Indian Head, Sask., died at the home of his son, Dr. J. E. Harvey, here, following a prolonged illness.

In the rebellion of 1885, Mr. Harvey had three transport teams working near North Battleford, Sask., and he himself saw service at the Battle of Batoche. He came to Kelowna, B.C., in 1906, and at one time was vice-president of the Okanagan Fruit and Land Company. He resided at Kelowna until his wife's death, at which time he came here.

British Estate Duties

London, England.—The British exchequer will benefit to the extent of nearly \$15,000,000 in the death duties of the estate of Sir David Yule, head of Andrew Yule and Company, and probably the wealthiest Briton in India, who died in 1928. The court of appeal ruled that Sir David was legally domiciled in the United Kingdom.

Making More Butter

Butter Supplies Now Almost Meeting Local Demand

Vancouver, B.C.—Increased attention that is being given to dairying on the prairie is revealed in the fact that butter supplies from the three prairie provinces are almost meeting Western Canadian requirements. Attention is drawn to this new condition by the relatively small imports of butter from Australia and New Zealand at the present time.

Last week the "Aorangi" brought 725 boxes of butter to Vancouver from New Zealand, and 300 for Victoria, 9,642 from Australia for Vancouver, and 111 from the Fiji Islands, or a total of 4,770 boxes.

On February 28 of last year, the imports from the same sources were 18,515 boxes from New Zealand, 1,485 from Australia, and 82 from the Fiji, while Victoria had 3,200 from New Zealand, or a total of 23,292 boxes.

Vancouver dealers report that Alberta supplies are meeting the requirements in Vancouver, and that most of the butter imported since November is still in storage. Under an agreement between the importers and the Canadian Government none of the Australian butter can be sold at a price below 22 cents a pound, and the Alberta makes are being marketed just slightly under that figure.

SETTLEMENT OF INDIAN QUESTION PEACE TRIUMPH

New Delhi, India.—When India awoke on the morning of March 4, it found peace on its doorstep.

Overnight, Mahatma Gandhi, with the vision of a prophet, had led his invisible sleeping multitudes from the road to the path of peace. He won the confidence of Viceroy Lord Irwin, who, less than a year ago, jailed the mystic agitator for challenging the authority of the British Empire, and an accord was reached which ended a year-old civil disobedience movement.

Nationalist circles naturally regard the truce as a triumph for Gandhi's doctrine of non-violence which, as Mahatma Gandhi said, introduced a new technique into international revolution.

While the terms of the agreement have not been officially published, it is understood they are as follows:

1. Nationalists will abandon civil resistance.
2. Indians along the coast will be given the right to manufacture their own salt and thus will not have to purchase it from the government monopoly.
3. Property of congress adherents which has been confiscated because of non-payment of taxes will be returned, with certain reservations.
4. Nationalists will be permitted to do picketing within the normal laws of the country, and will be permitted to conduct boycotts so long as they do not aim specifically at British goods—in other words, if their idea is to promote local trade and industry.
5. Nationalists who were imprisoned for civil disobedience activities will be given amnesty and all government repressive measures will be withdrawn.
6. Nationalists drop their demand for an investigation into alleged police brutality.
7. The government won from them consent to work for qualified dominion status in a second round-table conference.

While the Nationalists have admittedly gained much by accepting the settlement, it is pointed out on the government side that Great Britain gains commensurate advantages.

The most important gain in this direction was the point wherein the Nationalists agreed to confine themselves at the next round-table conference to the specified scope of constitutional questions elucidated by the first round-table meeting in London, England.

This communit Gandhi to the principle of a federation of Indian responsibility, but with British safeguards covering finance, defence, foreign affairs, the position of minorities and the discharge of India's national debts.

The agreement was hailed with approval by British and moderate Indian newspapers. The Calcutta Statement characterized it as just as a basis for the world as the Armistice in 1918, adding that the instrument has the possibility of solving two of the most menacing world problems today—the clash of color and the class economic struggle.

AWARD GIVEN TO U. S. IN CLAIM AGAINST CANADA

Washington, D.C.—Award of \$200,000 to the United States against Canada for damages in the State of Washington caused by fumes from the smelter of the Consolidated Mining and Smelting Company of Trail, British Columbia, was recommended by the International Joint Commission in an unanimous report made public by the two governments.

The question has been one of extensive diplomatic correspondence and protests by the United States for a number of years. It was referred to the International Joint Commission in 1926 for investigation and decision. The damages were recommended after an extensive investigation and hearings on both sides of the border.

The commission also recommended the company be required to proceed "as expeditiously as may be reasonably possible" with works to reduce the amount and concentration of sulphur fumes to a point where no damage would be caused by their drifting into the United States. After approval of the report by the two governments, Canada would pay into the treasury the recommended damage for disbursement among claimants.

Secretary of States Stimson, in commenting on the report, expressed gratification it had been unanimous and praised the commission's efforts as proof of the value of joint arbitration methods to solve international problems.

Awarded McKee Trophy

Squadron Leader J. H. Tudhope Is Winner For 1930

Ottawa, Ont.—Squadron Leader J. H. Tudhope, M.C., of the Royal Canadian Air Force, stationed in Ottawa, has been awarded the McKee Trophy for 1930. It was announced here by Hon. Donald Sutherland, Minister of National Defence. The trophy is awarded annually to the Canadian flyer who renders the most meritorious service in the advancement of aviation.

During 1930, Squadron Leader Tudhope was the pioneer of all east and west air mail routes from the Atlantic to the Pacific. In the first four months of the year, he made an aerial survey of the Rocky Mountains, flying over 10,000 miles.

Squadron Leader Tudhope joined the Royal Flying Corps in 1916, and served in France with No. 40 Squadron. He was granted the Military Cross and the Distinguished Flying Cross. In 1920, Squadron Leader Tudhope joined the Canadian Air Force and is now superintendent of airways in the civil aviation branch of the department of national defence.

National Highway

Falling Revenue Will Not Permit Of Much Work Being Done This Year

Ottawa, Ont.—Federal finances will not permit an immediate large expenditure on the national highway as the construction work by the department which waited on Prime Minister R. B. Bennett, after he drew their attention to the growing expenditure, decreasing revenue, and inevitable deficit, the Ottawa correspondent of the Mail and Empire says.

The delegation suggested alternative routes be provided such as via Winnipeg, Saskatoon, Edmonton and Vancouver in the north, and Vancouver, Regina, Calgary and Vancouver in the south.

Rich Mineral Deposits

Resources Of Northwest Territories Stressed At Mining Convention

Ottawa, Ont.—Canada's varied and immensely rich mineral deposits were discussed by the various speakers at the annual convention of the Canadian Institute of Mining and Metallurgy. The task of unfolding the mining map northward and the possibilities of rich resources in the Northwest Territories were stressed by J. M. Morris, Gordon C. Duncan and John Dryborough.

Three speakers declared large mineral deposits exist in the Coronation Gulf region of the Arctic. Very little intensive work has been carried out, they said, but higher work has been done to show the presence of extensive and valuable ore deposits.

More than 100,000 immigrants entered Argentina last year.

Local and General Items

The average salary of Nova Scotia teachers is \$741 a year.

We were asked yesterday if we knew Lord Dacres, the new minister to the inferiors.

Lieut. W. J. Evans swung into town from Esquimalt during the week, on a visit to his mother.

The new courthouse at Red Deer was officially opened on Friday last. The building is of the same style and appointments as Blairmore.

Dr. and Mrs. Stewart, of the Blairmore hospital, are happy because of a visit from the stork during the week. Congratulations.

Three weeks from Monday next, the Crows' Nest Pass Musical Festival will open at the Columbus hall, Blairmore.

Three omissions occurred in the list of flowers for Rusicka funeral last week, namely: Mr. and Mrs. Ed and family, Mrs. Cizek and sons, Mrs. Frank Vejprava and son.

Death on Sunday morning claimed another Pass old timer in the person of Mrs. Roulant, mother of Mrs. Kaye, Bellevue, at the age of eighty-three. The remains were laid to rest at Bellevue yesterday afternoon.

The district is blanketed with about fifteen inches of snow, as a result of a storm that commenced Monday and ceased last night. At the time of going to press, a pleasant chinook threatens to move the snow quickly.

Coleman parties who have such an abundance of money that they can afford to bet \$200 or \$500 on an exhibition hockey game should hand some of that unneeded coin to their own arena and hockey club.

Canada has some three billions of dollars invested in her transportation systems, including railway and steamship lines; another two billions in motor highways, and a billion in hotels.

Following the defeat of Blairmore by 11-1, the cocky Lacombe team took a dose from Canmore that sounded like 11-2. The final between Canmore and the Edmonton Superiors will be played tonight, with big prospects of a win for the Superiors.

We are told that because of the great "flow" of gold from the Livingstone region west of Stavelay, Mr. Monk, forest ranger in the Porcupines, east of the Walrod ranch, was a few nights ago obliged to flee from his cabin.

We fail to see the wisdom of a Coleman merchant purchasing sale bills from a Calgary firm and thus ignoring the home office of The Coleman Journal, which is deserving of his support. It is hoped that Calgary people have been invited to patronize his sale.

The shareholders of the Blairmore arena and the members of the Blairmore hockey club should feel thankful for the wholehearted financial support accorded them at the local arena this season. Our funds were so augmented that, unlike other seasons, it was not necessary to borrow money or ask that the hat be passed around to pay expenses of play-off trips. Come again, Coleman, please.

The remains of Miss Flora McDonald were laid to rest at Fernie on Monday. Among those in attendance were her cousin, Mr. J. Angus McDonald, of Blairmore, and one of her old friends in the person of Mrs. Davidson (nee Miss Cogland), of Calgary, formerly of the Blairmore and Fernie teaching staffs. Miss McDonald came west from Nova Scotia in 1910 and had been on the Fernie teaching staff ever since. She made a host of friends during her residence at Fernie, all of whom feel deeply grieved at her sudden death. She is survived by two sisters, residing at Dayton, Ohio.

Joe Petrasak, was down from Canal Flats during the week.

Increase your buying power. Read the ad of The F. M. Thompson Co., Ltd., for real bargains.

FURNISHED HOUSE — Four rooms and pantry, indoor toilet, hot water. Rent \$17.00 per month. Phone 131, Blairmore.

Strange to say, not one of Eddie Poulin's juniors produced a marriage license on their visit to Blairmore this season.

The Ladies' Aid of the Blairmore United church, will hold their annual tea and sale in the Moose hall on April 2nd, 1931.

Mr. Ronald Greene, of the C.P.R. steamships department, Calgary, accompanied G. D. Brophy on his visit to The Pass last week.

Secure your tickets for the St. Patrick's entertainment now. Remember, the Columbus Club will be the mecca for music, dancing, songs, etc., on St. Patrick's night.

The many old timers in this district will be interested to know that Dr. Thomas O'Hagan, now of Jasper, is the man who in the early days practiced medicine in Frank and Blairmore.

At the regular meeting of Livingstone Lodge No. 22, Knights of Pythias, tomorrow (Friday) night, the Rank of Knight will be conferred upon a class of candidates. The meeting will convene at 7.30.

The present storm represents the first snowfall of more than two inches since November the 8th, and the first time since that date that the thermometer has dropped more than 8 degrees below zero.

Following is an elegy written underneath a tree near Cougar Valley:

"Ay coom from Cougar Valley—
My name is Yeeepo Yon;
An' I'm goin' fer stay a leetle vile,
But ay don't tanks may be long."

Long Soon, for a number of years proprietor of the Club Cafe at the corner of Victoria Street and Fifth Avenue, Blairmore, but lately conducting a restaurant at Lundbreck, lies in a critical condition in the Bellevue hospital, suffering from some internal trouble.

The international joint commission has fixed \$350,000 as the amount of compensation to be paid for damage caused by fumes from the Trail Smelter of the Consolidated Mining and Smelting Company, mostly to territory on the United States' side. In addition they recommend that the company carry out the project entered into two years ago for the elimination of sulphur dioxide from the atmosphere, so as to prevent damage south of the international line.

In connection with the rounding up of three of the four men alleged to have murdered Ernest Midwinter, a Calgary taxi driver, Magistrate Saunders stated: "Having been connected with courts and police for forty-seven years, I want to comment on the work done by the Alberta Provincial Police, and as an old police officer and a police magistrate, I want to commend the force for the thorough and efficient and intelligent manner in which this case was investigated." Mike Radko, E. A. Jones and Albert E. Allen have been committed to stand trial for the murder.
